

Grow Your Exposure & Reach More Customers Online
Expert Search Engine Optimisation
with Real Results!

Optimise your website and reach 85% of the Australian market.

Why Optimise your Website?

With so many of your competitors on the internet it is no longer enough just to have a website. If a potential customer cannot find your site, it is wasted. Over 85% of consumers use search engines such as Google and Yahoo to find websites, very few of them will search past the first two pages of results. This is why a search engine optimisation is such an important part of building your online exposure. **A top 20 Search Engine Ranking should be your minimum goal.**

Reach more Customers.

Having Professional Search Engine Optimisation on your site not only helps your business to grow but it also allows you to stand out amongst your competition. There is no use spending a lot of money on a great looking website if only a small portion of your potential market can find it.

We have seen many of our clients website traffic increase by over 1000% over time and by incorporating the right optimisation techniques you are guaranteed to get great results aswell.

If you are serious and determined to have a successful online presence then optimising your website is the first step in acheiving your goals and using the full potential of the internet.

We can offer a **COMPLETE GUARANTEE** of top 20 results for your Business!

Give your business a big advantage

What does Eye Candy Media do for you?

We make your business stand out. By using the most effective key phrases for your target market we then use various techniques and strategies to implement these throughout your website. The process includes analysing and editing your content, page names and titles, adding the correct meta data and reviewing your link structure. We also organise links back to your website from various sources which improves your overall page rank.

How it works?

1.

People search for your keywords - eg "motorhomes queensland"

2.

People click on your listing and go to your website!
